

from 85 to 400-0,435

Dewmark Hydro WR-H 79/100/H/M

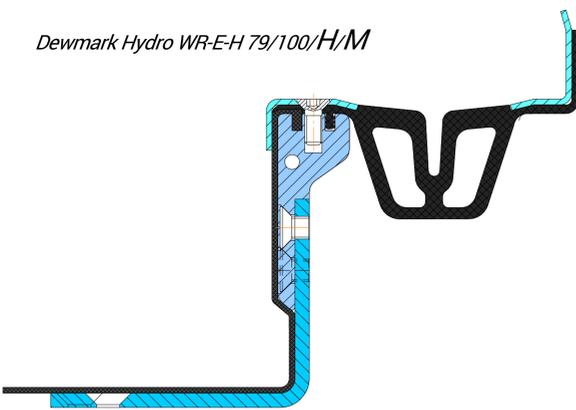

The profile is made to a specific height H from 85 mm to 400 mm.

A profile can be completed with three types of sheets:
S - small - 20 mm wide,
M - medium - 160 mm wide,
L - long - 380 mm wide.

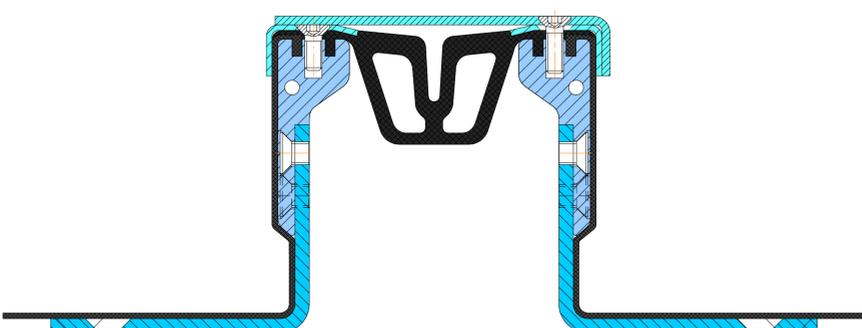

You can choose the required width based on your technical task.

Dewmark Hydro WR-E-H 79/100/H/M

The profile is made to a specific height H from 85 mm to 400 mm.

Dewmark Hydro WR-H 79/100/H/M/F

The profile is made to a specific height H from 85 mm to 400 mm.
